

MICHAEL GRAVES

DESIGN FOR ALL

At Michael Graves, we believe humanism is the soul of design and enables transformative results. We view each design opportunity as an unfolding story and the person occupying the space as the central character. By focusing on the individual, we humanize design to create positive change, enrich lives, and elevate purpose. As a result, people experience our work spatially, visually and emotionally as a reflection of their vision and culture.

WHO WE ARE

Michael Graves Architecture (MG) is a full-service, award-winning architecture, planning and interior design firm based in Princeton, New Jersey, with 10 offices across the U.S. Founded in 1964 by AIA Gold Medalist Michael Graves, the firm brings iconic design vision to projects of all scales around the globe. With a specialization in hospitality and leisure design, MG has designed projects of many different types throughout the world and has won the most prestigious awards. From large-scale master plans and buildings to the fine details of interiors and their furnishings, our work is always inspired by the physical and cultural context and the people who commission it, create it, and ultimately live in it.
